Suggest Park Site Planning

Discussion on the future development of La Romeria, Paradise and Los Arboles Parks will be held between Harry E. Van Bellehem, director of the Recreation Department, Tuesday night with Architect William Woollett.

Van Bellehem said it might be wise to have Woollett prepare a master plan for the three parks, based on suggestions from the Park and Recreation Commission.

Two weeks ago, the commission appointed a committee to list priorities for these three undeveloped parks.

Van Bellehem said that if Woollett is employed to prepare master plans for the three parks, it will be necessary for the commission to make recommendations and then secure appropriations from the City Council.

Youth, 18, Gets Jail Sentence in Dope Arrest

An 18-year-old youth was sentenced to 30 days in the County Jail Tuesday, after he and three juveniles were nabbed at Torrance Beach on charges of possession of narcotics.

Officers said they found a box of benzadrine pills next to the auto of William J. Tomlinson of Inglewood.

Two girls, aged 14, and a 17-year old Lawndale boy were arrested and face juvenile court proceedings, Lt. D.C. Cook said.

Tomlinson was given a stiff jail sentence on his first offense of this type when he entered a guilty plea before Municipal Judge Otto B. Willett.

Street Services Denied

Permission to hold street services in Torrance, requested by Rev. George Broom, pastor of the Church of God, was turned down by the City Council.

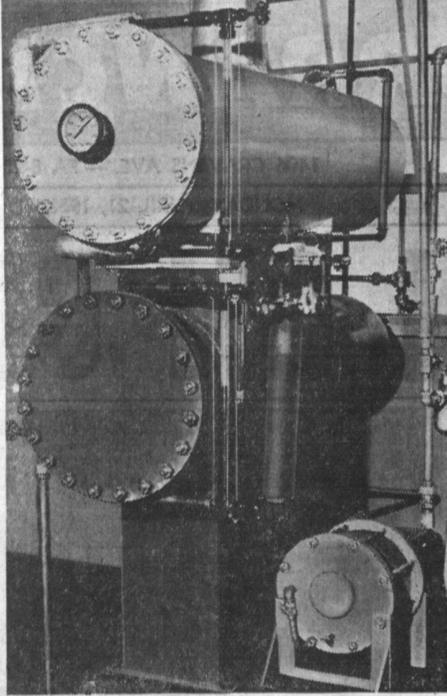

The minister was told that if he wishes to renew his request, he should obtain clearance from the license department first.

RESIDENT DIES

Death of Winford Joseph Daily, 53, who was found in his home, 2265 W. 229th st., was ruled natural by Torrance police. Detectives said they investigated the death because the victim had blood on his face and head.

LOCAL PRODUCT—Quality control, an essential element in the production of synthetic rubber, is assisted at Shell Chemical Corporation's Torrance plant by installation of a Melsheimer 125 Industrial Air Dryer manufactured by T. Melsheimer Co., Torrance; distributed by George W. Leseman and Company, also of Torrance. The Melsheimer Air Dryer provides vital dry air in the co-polymer unit where synthetic rubber is produced. Wet air would limit the proper functioning of the process control instruments which are used in the quality control of the synthetic product.

Letters to the Editor

Dear Mothers and Fathers of potential juvenile delinquents: We have found the answers to the problem "WHAT MAKES A JUVENILE DELINQUENT?" It's you.

Wednesday evening, April 16, at our Civic Auditorium, YOU had an opportunity to discuss the problems of your children with some of the ablest and most informed people connected with the youth of today.

THE TOWN HALL MEETING was well publicized by our papers, both with articles and pictures... SO YOU CAN NOT SAY YOU WERE UNINFORMED.

YOU HAD THE CHANCE to ask questions and get information on what to do to keep your children from getting into trouble... YOU HAD THE CHANCE to personally discuss your children's problems with the DISTRICT ATTORNEY OF LOS ANGELES, Wm. McKesson, who has two years experience with the California Youth Authority and ten years as Judge of the Juvenile Court. YOU COULD HAVE TALKED TO the Torrance Probation Officer, Phil Danke; to the representatives of the Churches; to officers of other organizations, like our Chamber of Commerce; to Dr. Hamilton of the Torrance School District; to the head of the Juvenile Division of the Torrance Police Department, Lt. Cook; YOU COULD HAVE ASKED QUESTIONS of the Civic head of this city, Mayor Ison; of the recreation director of Torrance; of the PTA representative; of representatives of Public Welfare agencies; or even from a young man, Len Ehlers, student body president of the Torrance High School, who represented the youth of this city.

WERE YOU THERE? ... A MERE HANDFUL OF PEOPLE SHOWED ANY INTEREST IN this worthwhile project which was to benefit you and YOUR CHILDREN... a couple dozen members of the Torrance Coordinating Council; two City Councilmen of our city; a retired Chief of Police; 3 members of the Torrance Police Department Juvenile Office; and representatives of the local press... WHERE WERE YOU? YOU KNOW WHERE THE BLAME LIES! The fathers and mothers are not interested. One father, "I'd come but my wife works and she is too tired tonight." YOU KNOW WHO TO BLAME for Juvenile Delinquency... IT'S YOU!

As our Mayor so aptly put it "If the District Attorney had come here to discuss the case of the movie star so prominent in the news of today... the auditorium would have been crowded." But the discussion was HOW TO HELP OUR YOUTH... YOUR BOYS AND GIRLS! SO, PARENTS, THE BLAME IS YOURS.

I was there, WERE YOU. Evelyn Stanford, A mother of five children, who is interested in the children of this community. Evelyn Stanford

Three One-Act Plays, Written by Students, Slated for Boards Friday

Friday will bring three Original One Acts plays to Torrance High School Auditorium. Each of these plays was written by students of Torrance High School. Students will present the plays under the leadership of Joyce Hockey, student producer. This entire production is under the supervision of Von Hershey, Torrance High School Drama teacher.

One of the plays to be presented is "One World," a drama written by Michael Duehring. This drama concerns the son of a Russian Ambassador who attends an American High School at the wish of his father. The son sees the superiority of the American way of life after a few amusing incidents. In the end his father is killed for smuggling his son out of the country. Michael Duehring, directing his own play, cast Tony Bertolotto as the son and Frank Corsetto as his American friend.

A second play to be presented will be "Who Wears the Pants" written by Frank Endres. This play is a comedy about a hen-pecked husband whose inner desires are released by a bout of amnesia. He insults everybody within reach and gets hit on his head. Now recovering from amnesia, he must face his wife unprotected. Danny Fulton is the director of this play and has cast Joyce Hockey as the nagging wife, and Jim Weyant as the hen-pecked husband.

The third play, "Laura," co-authored by Ron Montelius and Sandy Rathbun is a musical melodrama based on the song "Laura." The story is about a dancer discovering a new leading lady, losing her, losing her, and finding someone else. The leading actress played by Ron Montelius of the authors; the leading lady, "Laura," is portrayed by Pat King.

Boy Scouts Train in Industries

Thousands of Boy Scouts in the Harbor District are preparing for tomorrow by training today with local industries. The Boy Scouts and their cooperating partners in industry are working on projects together for the Los Angeles Area Council Scout-O-Rama, 1 to 10 p.m., May 24 in the Coliseum.

Cubs, Scouts and Explorers are learning about aviation rockets, electricity, conservation, oil production, manufacturing, photography and numerous other subjects. The youths and their industry partners will make more than 460 booths on the floor of the Coliseum.

Merit badge requirements are "brought to life" as the Scouts earn credits by touring plants of their sponsoring partners and assist them in preparing the demonstration booths.

Charles M. Simmons, one of the nation's top speakers on human behavior, will be the featured speaker at the all-day real estate educational and sales conference to be held in Hawthorne, on Thursday under the sponsorship of the Torrance-Lomita Board of Realtors and the California Real Estate Association. It was announced by Bob L. Haggard, president of the board.

Realtors to Hear Noted Speaker on Human Behavior

"Simmons is president of the Simmons Institute of San Mateo, conducting classes in sales training and leadership in 35 cities," said Haggard. "We are indeed fortunate to have this noted author and lecturer address our conference. He will give local Realtors and real estate salesmen the benefit of his 35 years experience in sales training. His latest book, 'Your Subconscious Power,' is a best seller all over America."

"Both real estate salesmen and real estate managers will find much of interest for them in the sales conference," said Haggard. The conference is one of 19 all-day sessions being held this spring in every section of the state under the sponsorship of local real estate boards and the California Real Estate Association.

Realtors from this and neighboring communities attend these meetings annually to learn the latest methods of selling real estate and also to receive up-to-date information on the many subjects necessary for capably serving the public in the purchase and sale of real estate. Reservations for the conference may be made through the Torrance-Lomita Board of Realtors at 22833 Arlington Ave.

School Salaries to Be Unchanged

School salaries will be kept at the present scale, but there is a possibility that increases may be granted if revenues permit it.

That was the decision of the Board of Education of the Torrance Unified School District, acting on the recommendation of Dr. J. H. Hull, superintendent.

Earned annual increments will not be affected by this decision. Dr. Hull said there are some variable factors which make it impossible to estimate anticipated revenue until later this year.
